Constant quality

Gear Surgicals offers a quality equivalent to reusable devices allowing surgeons to use them constantly.

Cost controlling

We are offering integrated solutions to allow the circulation of a fixed cost per surgical act.

Environmentally friendly

Instrument sets are presented in a paper pouch avoiding heavy plastic inserts

Simplify

Reduce number of SKU's which contributes to a better work environment for all stakeholders.

Tailor-made

Build your own instrument set from a portfolio of 1000 instruments which allows surgeons to prepare ahead of time for success.

Circular economy

We are building a recycling program to give a second life to the stainless steel our instruments are made of.

* Do you want to change the composition of the set? We let you choose from Gear Surgicals broad range of Micro Instruments
